The engineers were transferred to the first army corps in France. **HOLD ONE AND DISCHARGE
ANOTHER FOR CAR THEFT**

Henry Smith, accused of stealing an automobile from F. G. McMillin, took on October 18, 1918, was bound over to the district court at his preliminary hearing before Justice S. C. Maxey Friday afternoon, for trial. G. R. Wheat, arrested with Smith in Craig county by federal officers in possession of the car, which at that time contained 10 cases of liquor, was held without bail on a charge that from the testimony Wheat was probably not guilty of any offense.

No direct evidence to show that either man had actually stolen the car was produced by the prosecution, but the fact that Smith was in original possession of the car when the property was confiscated and that Wheat was able to prove an alibi as his residence at the time the car was actually stolen, led the court to discharge Wheat and hold Smith for trial.

Smith will be released on bond of \$1,000 for his appearance in district court for trial.
